

How to set up Account Alerts on Your Mobile Device

How to Download and Login to Your Mobile App

Download and login to your Copperfin account in these easy 4 steps:

1. Download Free App

Visit the App Store (Apple) or Google Play (Android) and search Copperfin Credit Union. Once the download is complete, open the app.

2. Select Branch

Select your home branch from the 'Select Branch' listing.

3. Enter Member

Enter your Member Number and click Remember Me if you want the device to remember for future logins and click Continue.

4. Enter PAC

Finally enter your Personal Access Code (PAC) and click Login.

Stay on top of your finances at all times with Copperfin Alerts.

Set up regular texts or emails for things like minimum balances, withdrawals, deposits, missed payments, or even when your investments are maturing.

1. Login

Log into the Mobile App and click Alerts on the second page.

2. Choose Alerts

Click Manage and select the Alert you wish to receive.

3. Add Contact

Enter the method you wish to be contact by, either mobile phone or email and click Save. For cellphone, please enter your carrier, if you're a TBayTel wireless customer select Rogers Wireless.

4. Save Alert

Once the contact method has been entered, save the Alert.

5. Receive Alerts

All set Alerts can be viewed under the Received tab at the top.
